OFNA Racing

POWER AT THE *RIGHT PRICE*

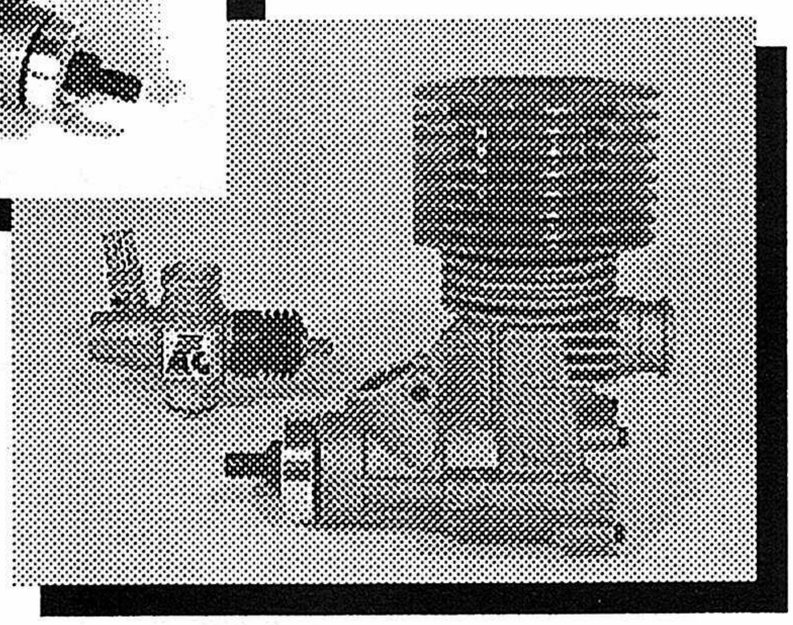

OFNA Racing offers three high performance engines for your 1:10 and 1:8 scale needs, with features found on engines costing twice as much. In the 1:10 scale size we have the OFNA .12. For the 1:8 scale owners, the Force .21 and Super Force P6 engines are excellent. All engines feature a tall anodized cylinder head which is a must in off-road cars.

OFNA RACING IS BEST IN THE CLUTCHES

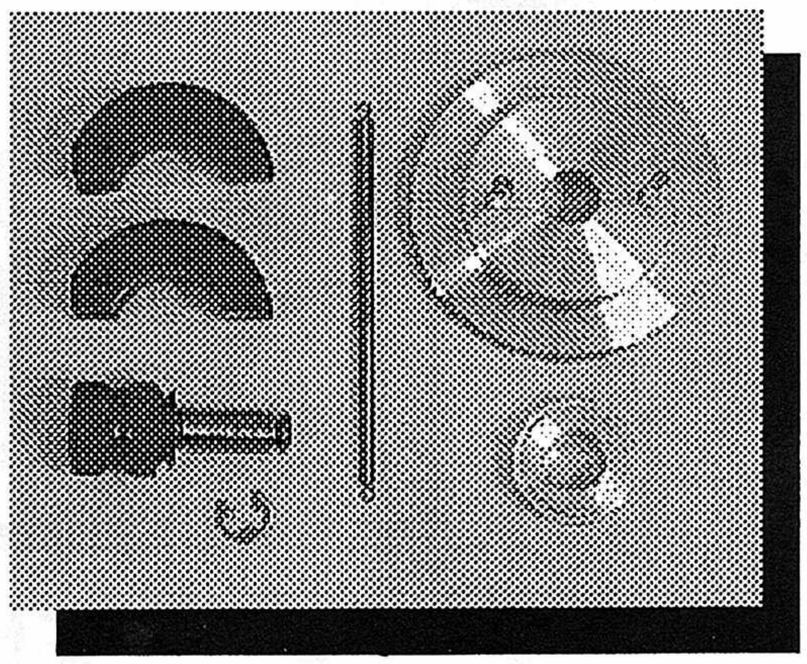

OFNA Racing offers a full line of Clutch systems for your .12 and .21 size car engines. Clutch kits come in a two (2) shoe, three (3) shoe and four (4) shoe types. The high performance three (3) and four (4) shoe clutches are designed for no drag and quick response. Our easy to trim "carbon shoes" and steel shoe springs offer excellent reliability and quick adjustment of the RPM clutch catch point.

4 SHOE CLUTCH KIT

1:8 SCALE 4WD GAS SUPER BUGGY

HODR Main Points:

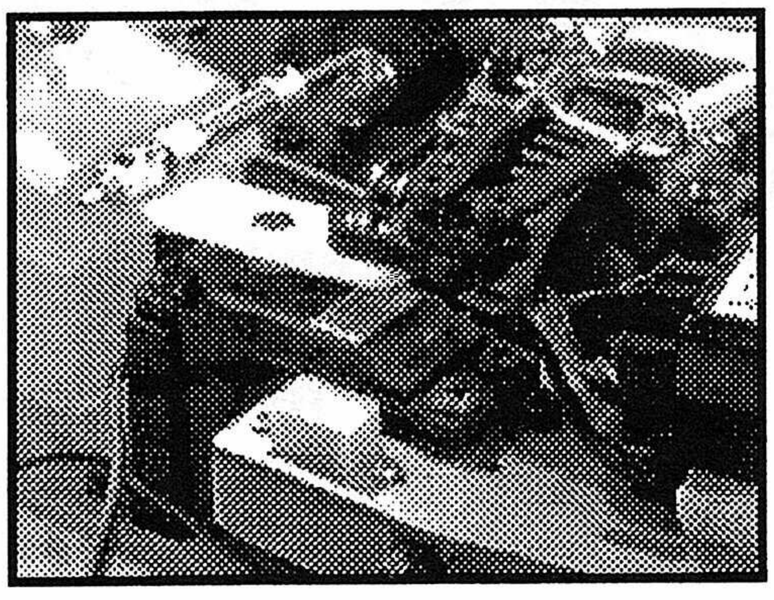

- Long suspension arms
- Heavy duty 6061 aluminum chassis
- Adjustable engine mounts with cooling fins
- High performance teflon clutch
- Three differential drive with steel planetary gears
- Strong steel beveled crown gear and pinion
- Competition Dual Disc Brake with carbon discs
- Racing Bumper that will not catch in track holes
- Four wheel shaft drive with center Spur gear and Diff
- All ball bearing kit
- Strong aluminum shock towers
- Large easy to adjust aluminum oil shocks
- Quick fill racing fuel tank
- High impact glass filled nylon suspension parts
- Pressurized fuel system
- Rugged Lexan buggy body and wing ready to paint
- One piece wheel and spike off-road tires.
- Round port Manifold and spring
- Racing type Foam Air Filter with Cage
- Protective Silicone Switch Cover
- Under body ABS chassis stone guards
- Heavy duty rear wing mount

Dual Disc Brake and Center Diff.

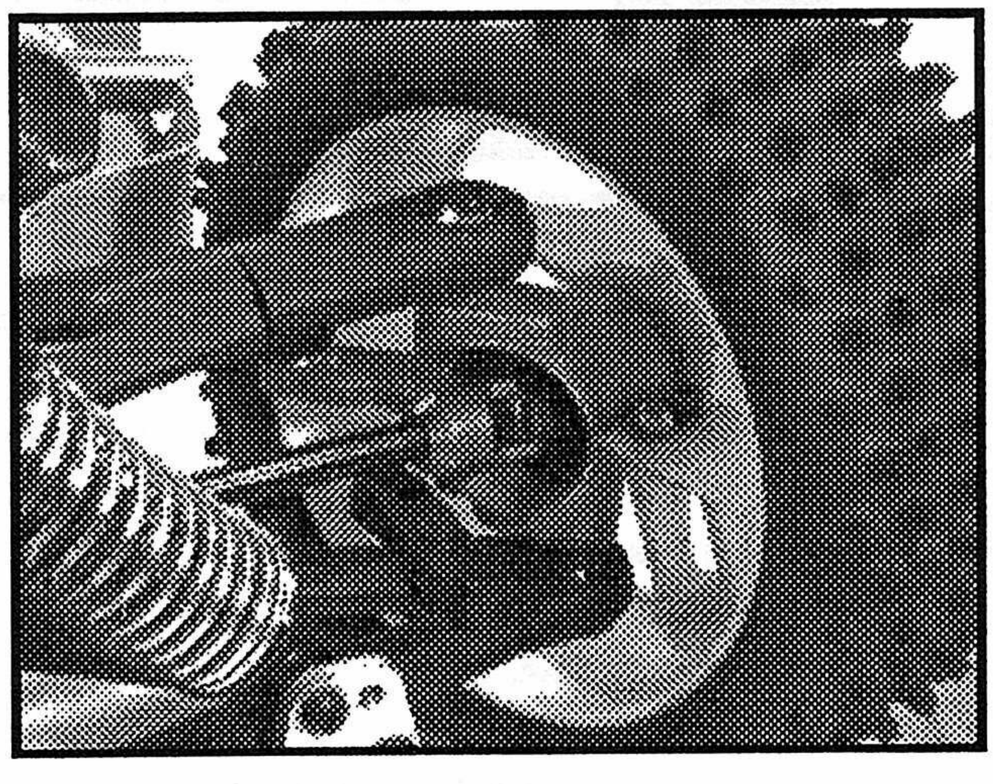

Technical Data:
length=480mm
Width=305mm
Wheelbase= Adjustable, 320 to 325mm
Track F/R= 255mm
Clearance= 50mm
Weight= 3400gm
Engine= .21 Class
Radio= 2 Channel
(engine and radio not included)

Suspension Adjustments:
Camber= Front/Rear Adjustable
Caster= 15 to 17.5 Degrees
Toe-in= Front Adjustable
Toe-in= Rear, 1 or 2 Degrees
Wheelbase= 320 or 325mm
Front off-set= 0 to 1 Degree
Anti-squat= Front and Rear
Clearance= Adjustable Stops

RCM EAGLES
PERFORMANCE RACING TIRES

NEWS FLASH!! *1994 Gas Winternationals - Ft. Myers, Florida*
RCM Eagles TQ and win both the 1/8th scale 4 wheel drive and the 1/10th scale classes in their first national level competition. They dominated both A-mains against a collection of the world's best drivers. Six 1/8th scale and four 1/10 scale A-main drivers chose RCM Eagles.

NO GIMMICKS.... You've wasted good racing time learning about colors. But what do they really mean? How soft is pink? How hard is purple? Where does red or lavender come into the picture? Forget all that. RCM Eagles are available in the shore number (durometer firmness 20-soft to 40-firm) that you require, for race-winning performance.

NO HYPE.... These tires aren't made from some mystery compound. RCM Eagles are manufactured from only the best Japanese long-wear rubber compound. Available in donuts or mounted and pre-trued on popular gas racing car rims, in1/10th and 1/8th scale.

MEGA .21 SERIES

1/8 scale on-and off-road engines

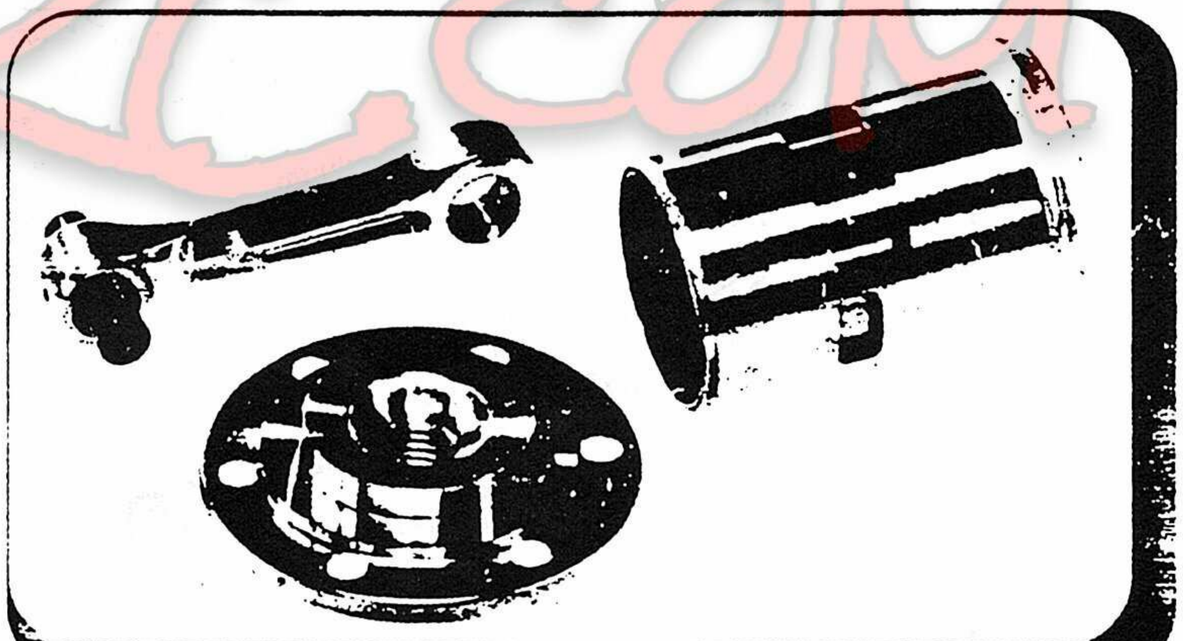

MEGA

HIGH PERFORMANCE RACING ENGINES

MEGA 21 Engines general features:

- High quality piston and liner sets with 5 port system for optimal mixture flows.
- Ultra strong, double bushed conrod.
- Combustion chambers both standard and turbo versions available
- Balanced crankshaft and special design chromed back-plate.
- Precision moulded crankcase.
- Swiss-made high quality ball-bearings.
- Insulated direct-response 9mm. slide-carburettor.
- Effective multiple direction fin cooling-head purple anodised; car -and large buggy version

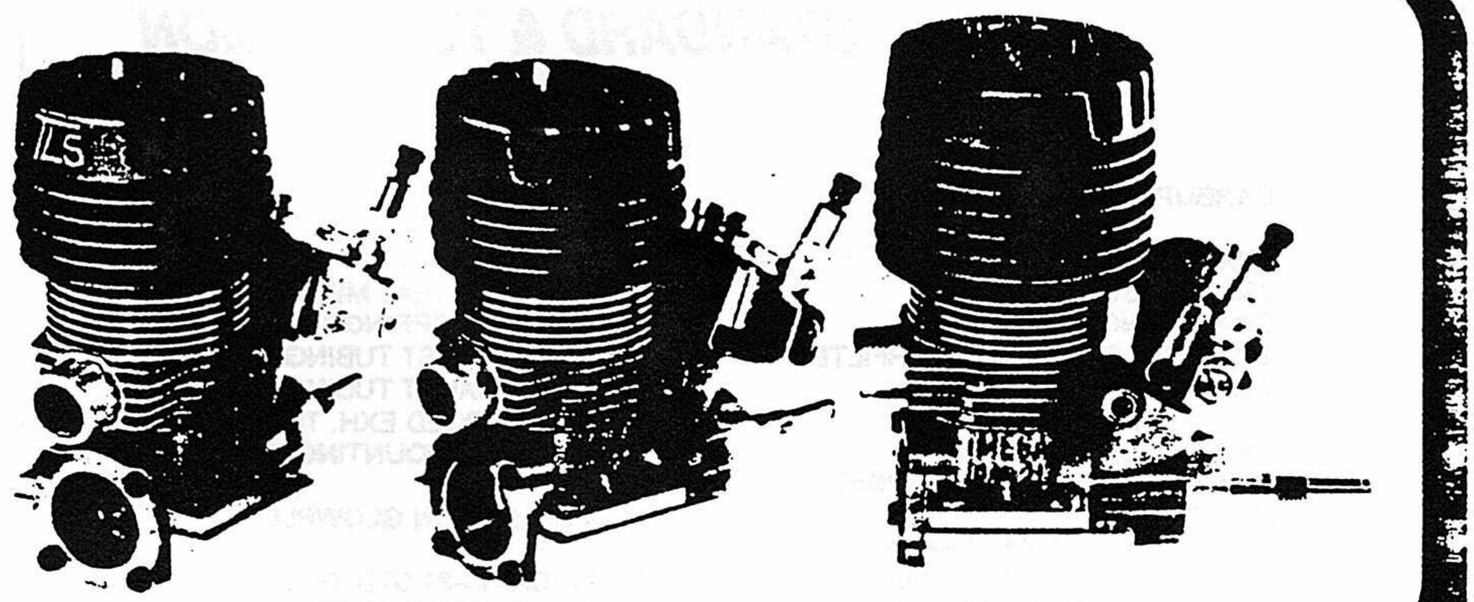

MEGARC.COM

MEGA RS-21 TLS

Long Stroke Turbo engine,
more torque, more horsepower!

- Special handbuilt version with selected parts.
- Long stroke piston/liner set with selected Turbo combustion chamber and special high torque port configuration.
- Aerodynamic shaped conrod with bronze bushings.
- Reworked crankshaft in long-stroke version.

MEGA RS-21 Series

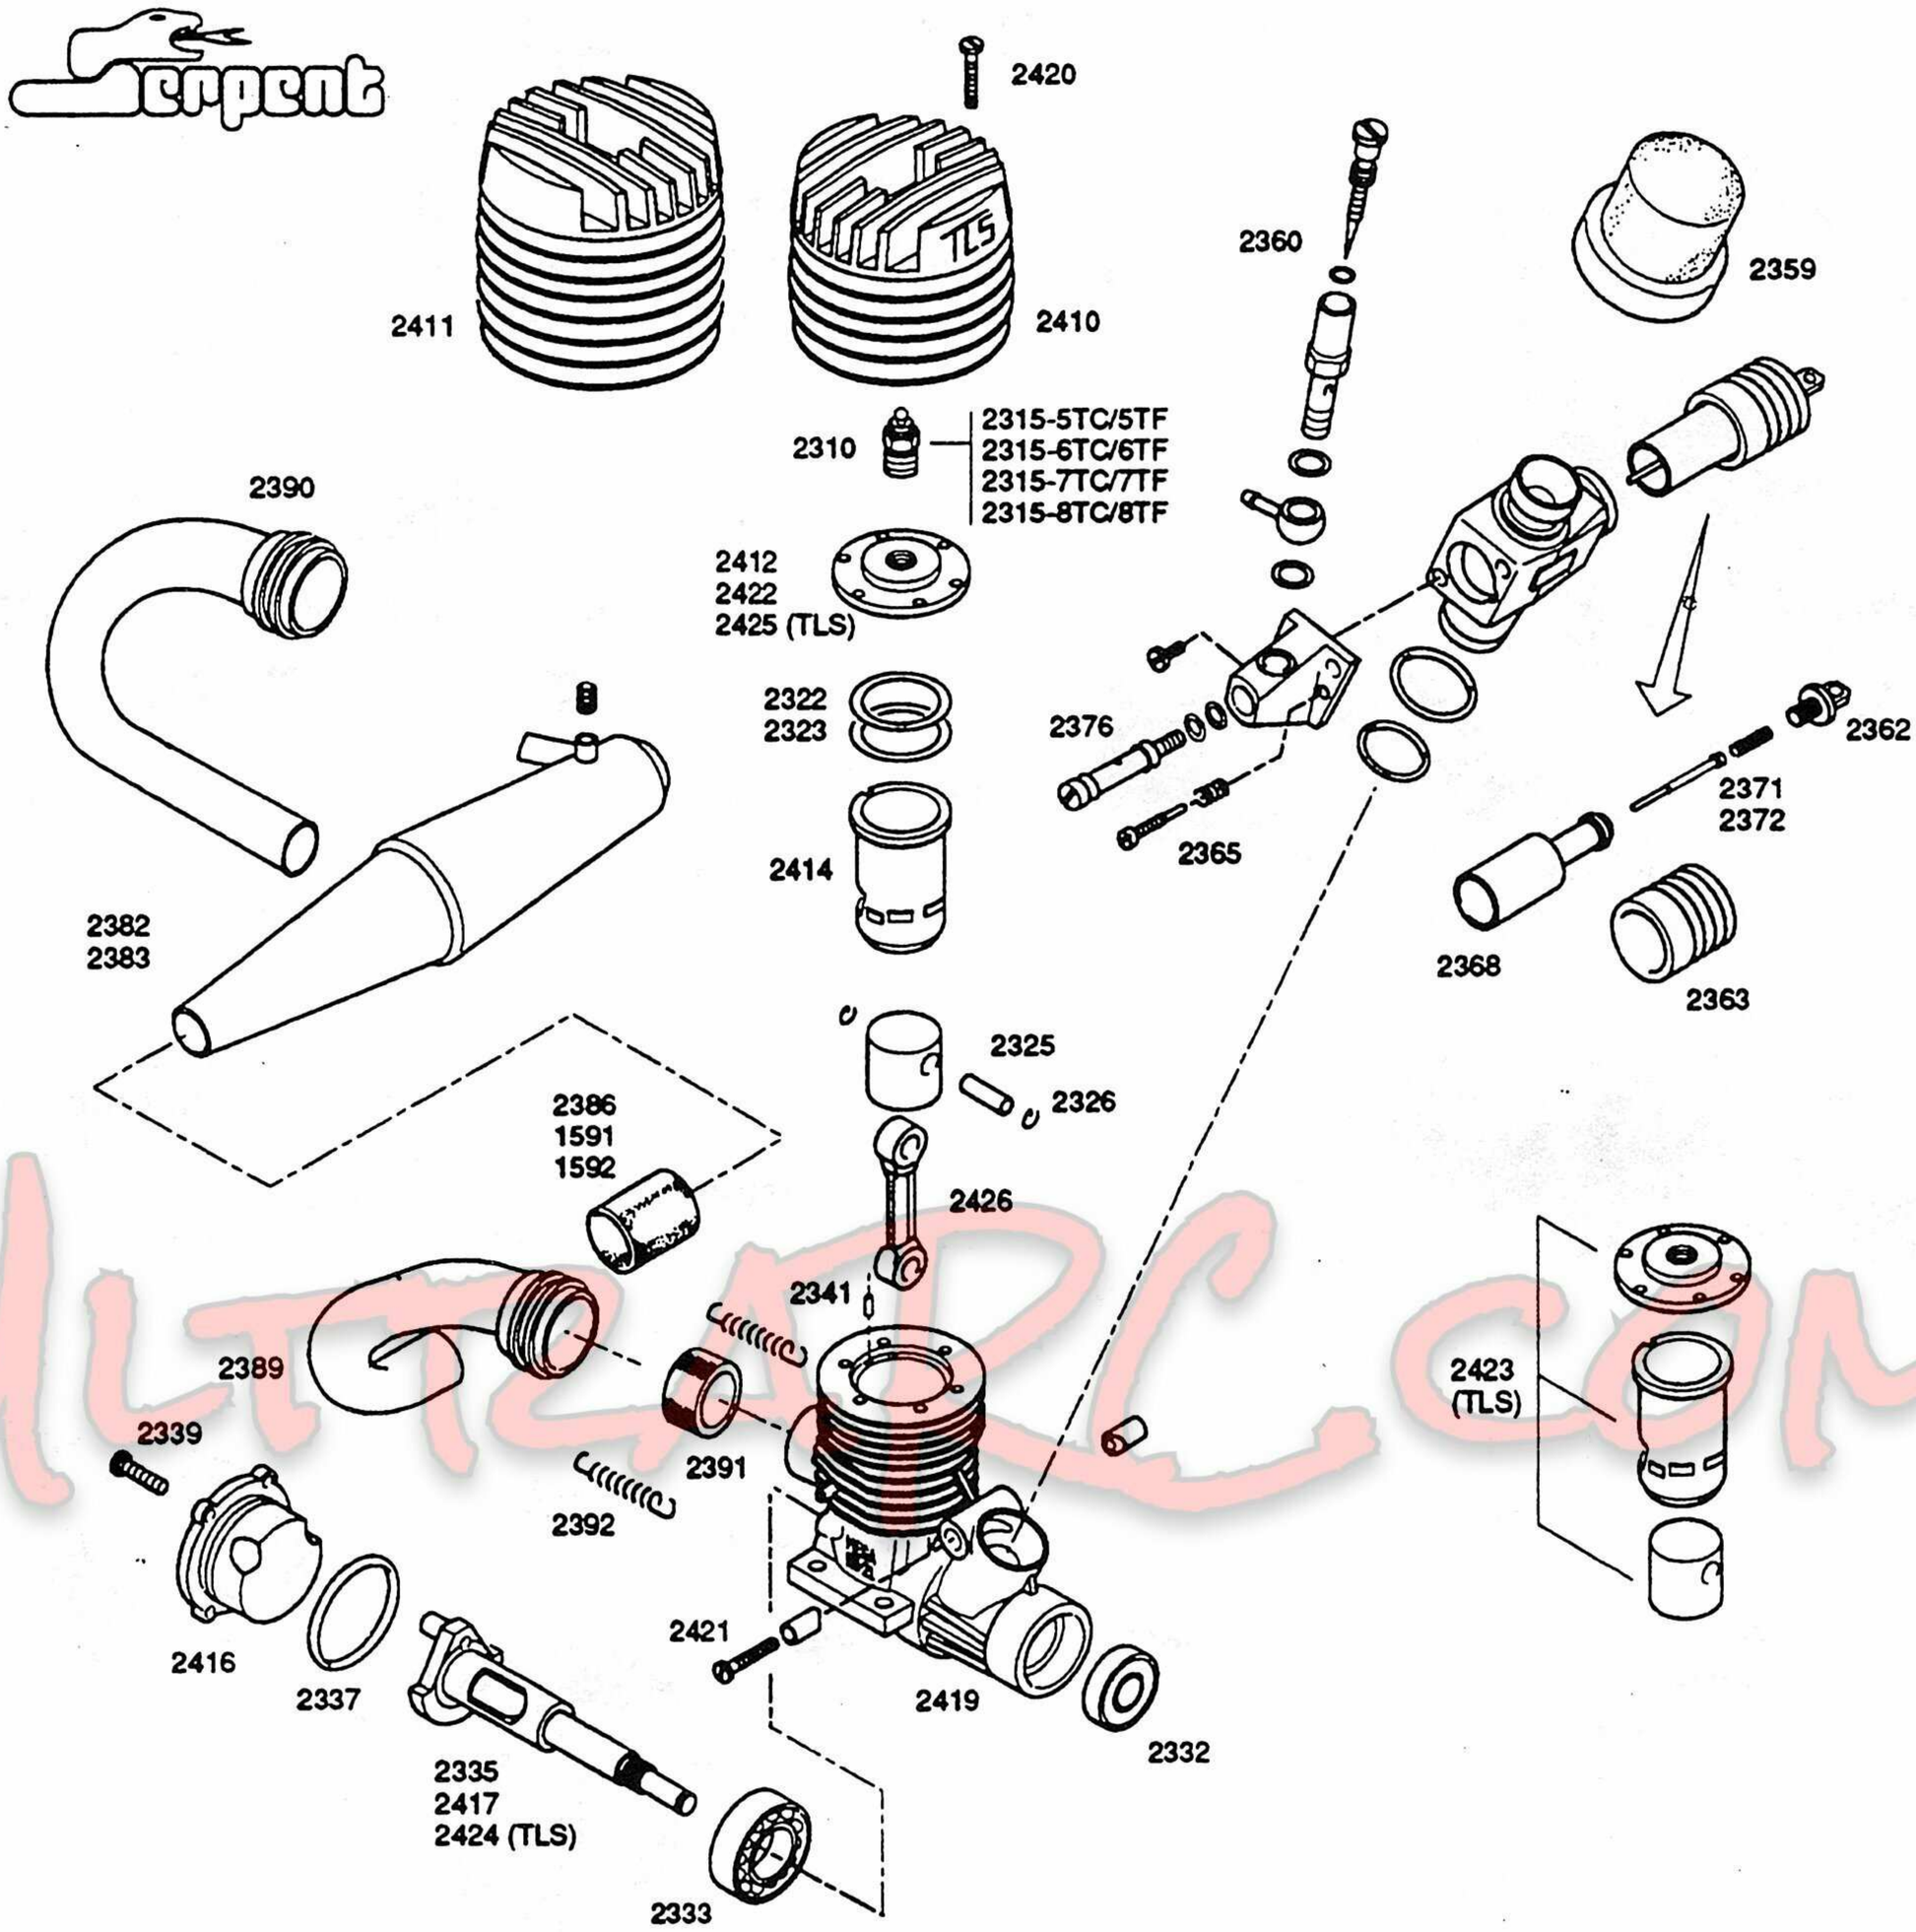

MEGA 21 engines are purpose designed engines for top-level 1/8 scale on- and off-road racing.
Available versions:

2400	MEGA RS-21 car
2400-ES	MEGA RS-21 car with exhaust system
2402	MEGA RS-21 buggy
2402-ES	MEGA RS-21 buggy with exhaust system
2403	MEGA RS-21 TLS Turbo Long Stroke
2403-ES	MEGA RS-21 TLS with exhaust system

Serpent

A full line of spare parts, MEGA Selection Glow-Plugs, airfilters and pipes available. All MEGA engines are supplied with clear instructions, exploded views, running-in and maintenance tips.

MEGA .15 SERIES

1/10 scale on- and off-road engines

MEGA

HIGH PERFORMANCE RACING ENGINES

MEGA 15 (2.5 cc.)Engines general features:

-EFRA/ROAR legal specifications for 1/10 scale racing.
-Piston and liner sets with 3 port-timing system for optimal mixture flows.
-Extended crankshaft for direct clutch mounting.
-precision moulded light weight crankcase.
-High quality ball-bearings.
-Effective multiple fin cooling-head, purple anodised.
-SX and RS tuned pipes and carburettors are interchangeable.

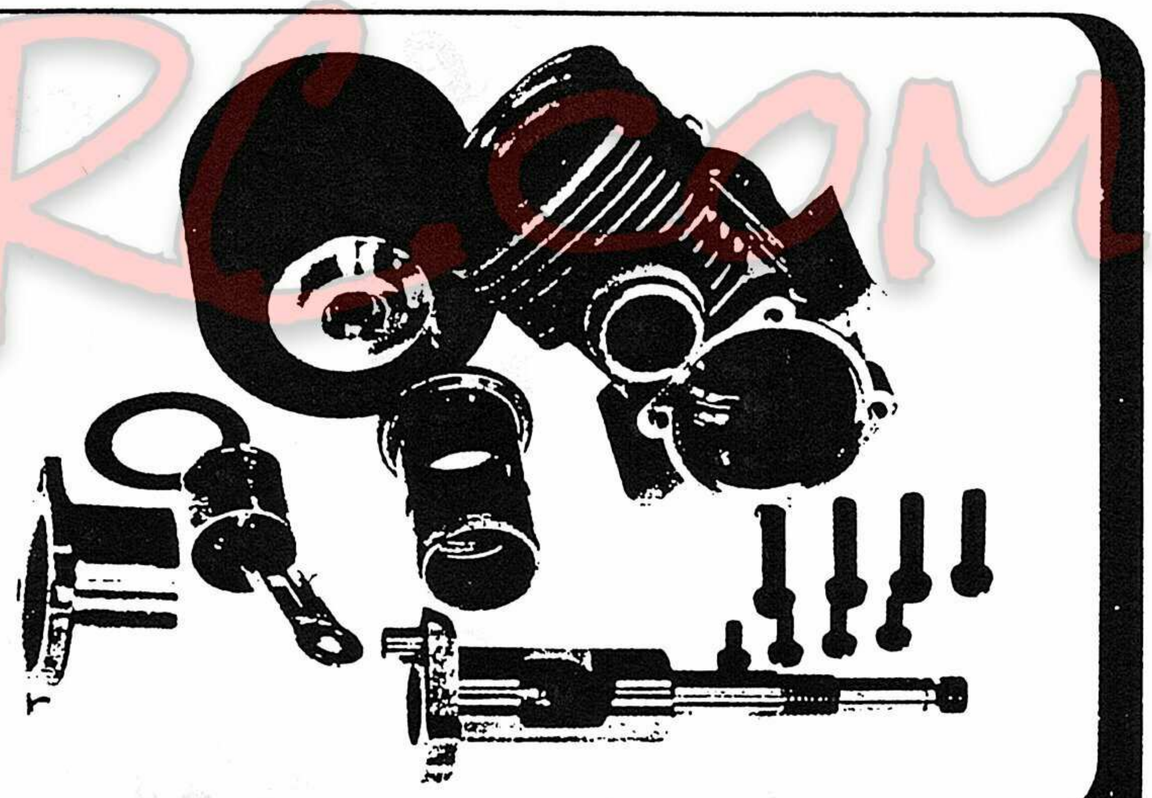

ULTRARC.COM

MEGA SX-15

the ultimate 1/10 scale power source!

features:

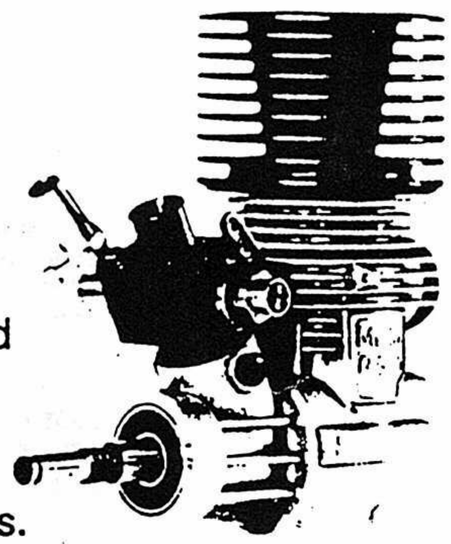

- Large purple cooling-head with integral combustion chamber.
- 6 mm. slide carburettor with spray-bar, double needle.
- Special crankshaft with machined air-scoop for improved mixture intake speed.
- Especially suitable for long tracks.

MEGA RS-15

features:

- 6 mm. quick response barrel-carburettor with spray-bar.
- Big purple cooling-head with seperate combustion chamber.
- Suitable for short- and medium -size tracks.

MEGA 15 Series racing engines.

MEGA engines are purpose designed engines for top-level 1/10 scale on - and off-road racing.

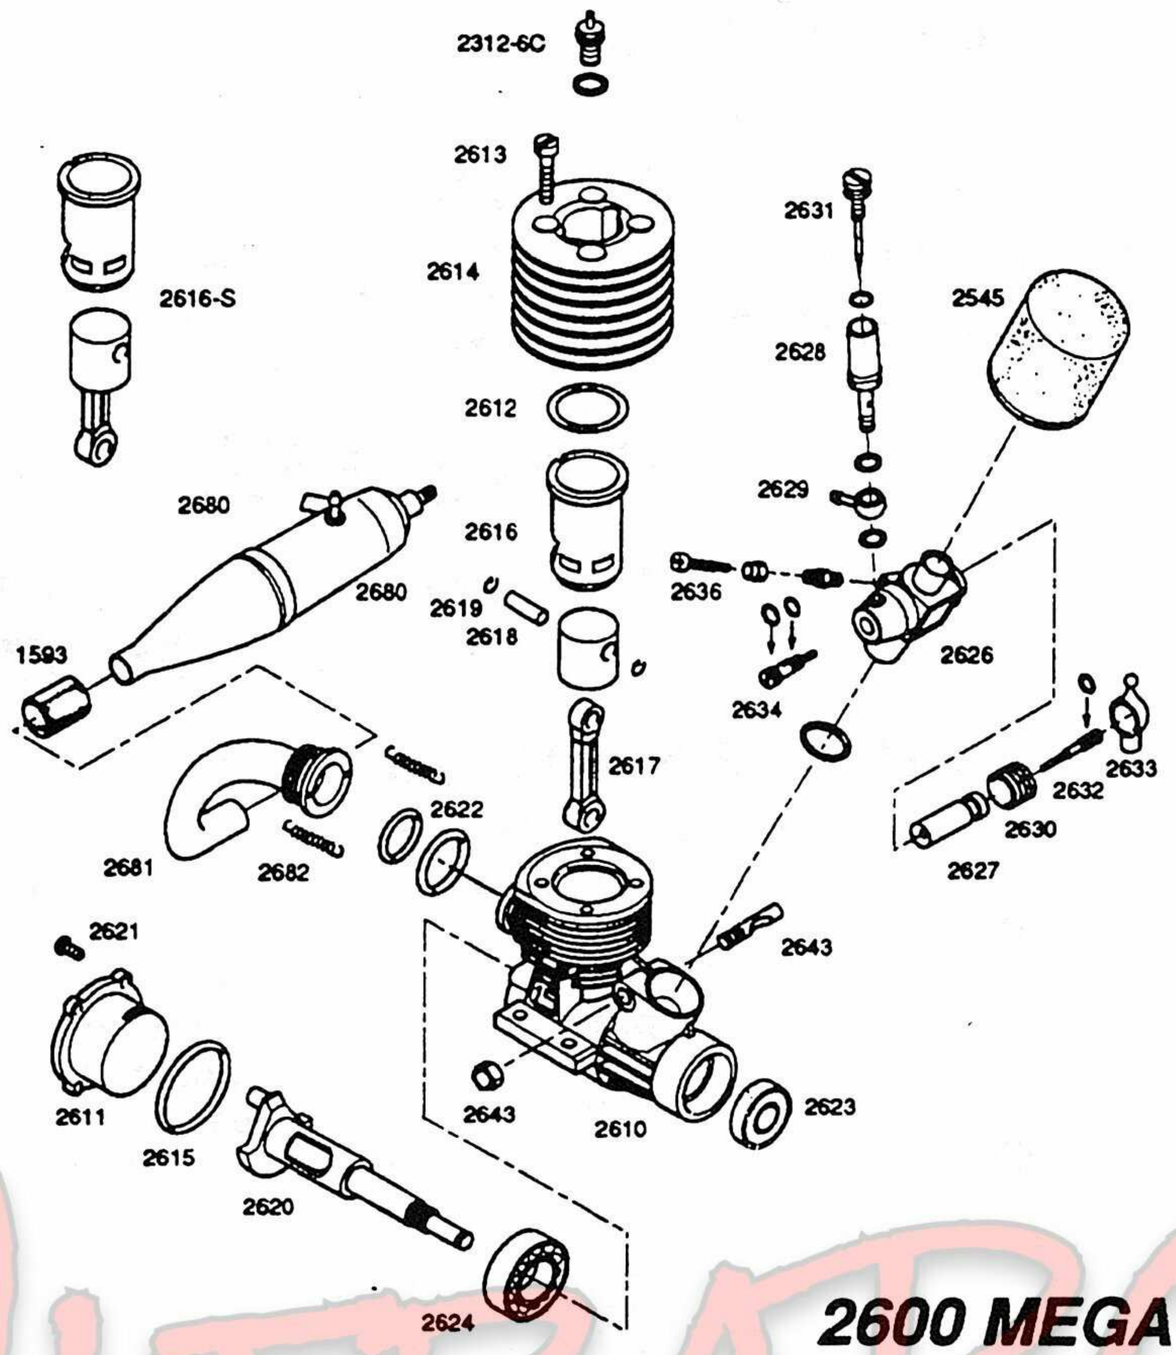

Available versions:

2600	MEGA SX-15
2600-ES	MEGA SX-15 with tuned pipe system
2500	MEGA RS-15
2500-ES	MEGA RS-15 with tuned pipe system

Serpent

A full line of spare parts, MEGA Selection Glow-Plugs, air filters and pipes available. All MEGA engines are supplied with clear instructions, exploded views, running-in and maintenance tips.

Superior Performance, Unmatched Reliability

No matter what type of vehicle you run, if it requires a .21-sized engine, Rex has the powerplant to help you move to the head of the line. Off road or on, beginner to world champion, you'll find the right engine without resorting to after-market modifications. See your local hobby dealer.

UltraRC.com

Stock #7E - Car/Buggy Econo Engine
Displacement - .21 cu. in.
Number of Ports - 3
Bore - .65 inch
Stroke - .65 inch
RPM - 2,500 to 28,500
Power - 1.7 BHP
Weight - 10.6 ounces

Stock #7A - Car Competition Engine
Displacement - .21 cu. in.
Number of Ports - 6
Bore - .65 inch
Stroke - .65 inch
RPM - 2,500 to 28,500
Power - 1.7 BHP
Weight - 10.8 ounces

Stock #7B - Buggy Competition Engine
Displacement - .21 cu. in.
Number of Ports - 3
Bore - .65 inch
Stroke - .65 inch
RPM - 2,500 to 26,000
Power - 2.0 BHP
Weight - 11.3 ounces

Stock #7C - Car SuperComp Engine
Displacement - .21 cu. in.
Number of Ports - 7
Bore - .65 inch
Stroke - .65 inch
RPM - 2,500 to 32,000
Power - 2.1 BHP
Weight - 10.6 ounces

Stock #7SB - Buggy UltraComp Turbo Engine
Displacement - .21 cu. in.
Number of Ports - 7
Bore - .65 inch
Stroke - .65 inch
RPM - 2,500 to 29,500
Power - 2.25 BHP
Weight - 10.9 ounces

Stock #7SCT - Car UltraComp Turbo Engine
Displacement - .21 cu. in.
Number of Ports - 7
Bore - .65 inch
Stroke - .65 inch
RPM - 2,500 to 33,000
Power - 2.3 BHP
Weight - 10.6 ounces

Rex Engine Choices

Mugen U.S.A. is pleased to introduce more variety in Rex Engines to suit your every need. All F engines are now available with different crankshaft styles for use in the various on road and off road vehicles on the market.

For the 7A Car Competition Engine

Item #	Description
7A1	Engine with SG/Serpent crankshaft
7A2	Engine with Standard crankshaft
7A3	Engine with Associated crankshaft

For the 7B Buggy Competition Engine

Item #	Description
7B1	Engine with SG/Serpent cranksha
7B2	Engine with Standard crankshaft

For the 7C Car Competition Engine

Item #	Description
7C1	Engine with SG/Serpent crankshaft
7C2	Engine with Standard crankshaft
7C3	Engine with Associated crankshaft

For the 7E Car/Buggy Econo Engine

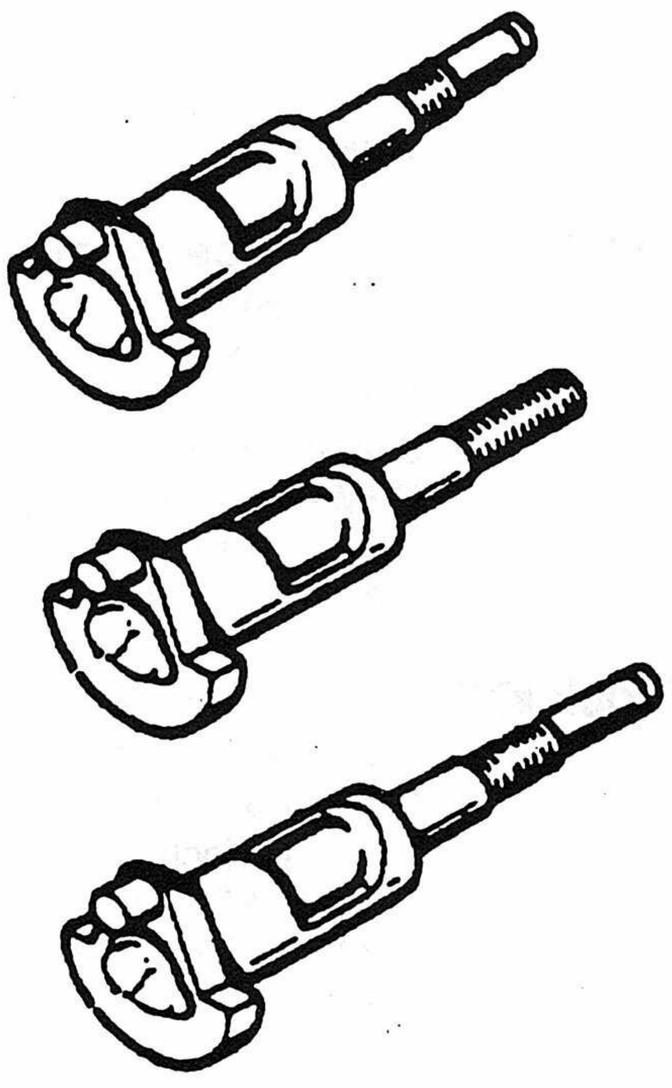

Item #	Description
7E1	Engine with SG/Serpent cranksha
7E2	Engine with Standard crankshaft

For the 7SCT Car UltraComp Turbo Engine

Item #	Description
7SCT1	Engine with SG/Serpent crankshaft
7SCT2	Engine with Standard crankshaft
7SCT3	Engine with Associated crankshaft

For the 7SB Buggy UltraComp Engine

Item #	Description
7SB1	Engine with SG\Serpent cranksha
7SB2	Engine with Standard crankshaft

SG/Serpent Crankshaft

Standard Crankshaft

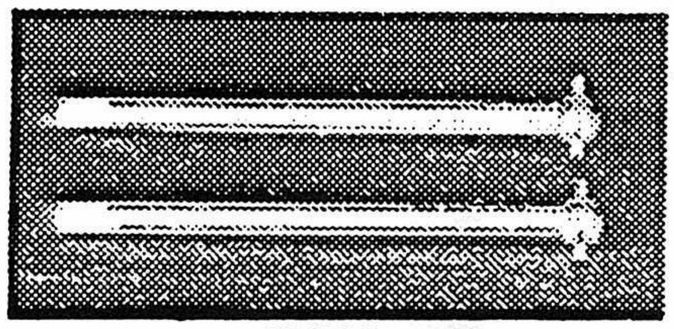

Associated Crankshaft

ASSOCIATED'S RC10GT

STOCK# ASS 7050 RC10GT SPORT TRUCK List Price $ 250.00 Sale Price $ 139.99
Basic bushing kit with rolling chassis and body. Kit also brings gold anodized shocks and dogbone driveshafts. Requires radio, engine and Associated's Engine Accessory Package for the .12 - .15 cubic inch engines. Kit comes unassembled.

STOCK# ASS 7055 RC10GT SPORT TRUCK List Price $ 320.00 Sale Price $ 179.99
Same as #ASS 7050 basic kit; but, includes Associated #7680 Engine Accessory Package for the pull start .12 - .15 cubic inch engines. Requires engine, radio and assembly.

STOCK# ASS 7060 RC10GT TEAM TRUCK List Price $ 362.00 Sale Price $ 199.99
The team truck includes a basic ball bearing kit, rolling chassis, body, hard adonized shocks, and rear universal driveshafts. Requires engine, radio, and Associated's Engine Accessory Package for the .12 - .15 cubic inch engines. Kit comes unassembled.

STOCK# ASS 7065 RC10GT TEAM TRUCK List Price $ 445.00 Sale Price $ 244.99
This kit comes with a complete ball bearing kit, hard anodized shocks and rear universal driveshafts. Kit includes Associated #7681 Engine Accessory Package for a pull start .12 - .15 cubic inch engine. Requires engine, radio and assembly.

STOCK# ASS 7066 RC10GT TEAM TRUCK List Price $ 445.00 Sale Price $ 244.99
The same as kit #ASS 7065; but, comes with the Associated #7683 Engine Accessory Package for a standard non-pull start type of engine .12 - .15 cubic inch. Requires engine, radio and assembly.

STOCK# ASS 7680 List Price $ 75.00 Sale Price $ 49.99
Bushing engine accessory package for pull start engine.
STOCK# ASS 7681 List Price $ 90.00 Sale Price $ 59.99
Ball bearing engine accessory packge for pull start engine.
STOCK# ASS 7683 List Price $ 90.00 Sale Price $ 59.99
Ball bearing engine accessory package for non pull start engine.

The above prices were current at the time this list was printed.
Please verify prices when placing an order.
